

Northlander Utility Vehicle Shelter

The Northlander Utility Vehicle Shelter (UVS) is the ultimate Sportsman shelter that was designed for the avid outdoorsman. The Northlander UVS easily mounts on your Polaris Ranger and can be used for ice fishing, utility shelter, hunting, camping, and multiple outdoor sporting activities. It's quick flip/lock and ride anchor system is designed for simple folding and mobility. The ultra lite frame stores in a boot behind the cab, leaving space in the bed for additional gear and equipment. *Currently available in 5'W x 9.5'L.*

Shelter Features:

- Quick flip adjustable framework for easy set up
- Quick release lock & ride anchors for fast removal of frame and shelter
- Heavy canvas shell or NorpacR2 insulated fabric
- 1 large zippered door for easy access
- Rugged storm flap to protect from harsh elements
- 2 easy view windows, 2 vents, 2 storage pockets
